Hello Parents and Students!

Welcome to the San Diego APA Junior Academy! Our goal is to make our program as fun, educational and valuable as possible. To do this, we need to ensure that we keep open lines of communication between our office and our students and their families. Above you will find our contact information and we ask that you keep it handy in case you ever need to get in touch with us outside of class time. If you visit the website listed above, you will find an option for Junior Academy Info in the left menu. This is where we post a lot of important information regarding the Junior Academy Program. We also send out occasional emails with important information, so we ask that you check your email regularly.

Weekly stats will be posted to the APA Pool League App which can be downloaded to your phone or accessed at league.poolplayers.com. Only adult members can claim an account, and only adults on a junior roster can access junior stats, so we created a fictional adult account named Junior Parent and added that fictional player to one of the junior teams with an open roster spot. If you're not on a junior team and want to view your student's stats, you can use the following login info to access the Junior Division stats:

username: SDjuniorAPA@yahoo.com, password: junior921

It will bring up stats for that particular team first, but you can navigate from there to find your junior's team and personal stats.

We ask that you contact your teammates and the League Office any time your student is going to be absent. You have made a commitment to your team to show up and play and they will be counting on you to be there or to make them aware of when you cannot make it. We do understand that things occasionally come up and there might be times when you are unable to give us notice of an absence, but we hope that you will assist us by notifying us when you're able. We are providing you with a refrigerator magnet schedule to help you remember which days are scheduled and we suggest that you exchange information and keep in contact with each of your teammates.

For those of you on Facebook, please join our Facebook Junior Academy Group at <https://www.facebook.com/groups/SanDiegoAPAJuniorAcademy/>. We post lots of info and fun photos there, so please join us!

Please also feel free to contact us if you have any questions, concerns or suggestions. We are always looking for ways to improve our Junior Academy program and your input is valuable and appreciated!
