

## Captains Log, February 2nd, 2020

Week 5 is the week that all unpaid members listed on a roster get removed. Teams that are NOT qualified for [City Championships](#) can simply add the players back to the roster provided they pay their membership. Any player added at week 5 or beyond must [pay their membership](#) fees in order to play. If you play someone that does not pay their membership, we will mark them paid and the team becomes responsible for that member's fees regardless of whether you collect their money or keep them on the team. So be sure they plan on [submitting membership fees](#) before you add and play them. [Qualified teams](#) are not allowed to make any roster changes from this point forward. The current roster (minus anyone taken off the roster for non-payment of membership fees) will be your City Championship roster, provided they meet all of the eligibility requirements.

As of this writing, we now have 65 teams signed up for the [Southwest Challenge](#). We will be sending out entry forms soon. Teams on the waiting list will also receive entry forms, but please note that we will not be able to confirm your participation until we get closer to the deadline due to the popularity of this event and potential full field. Players must have a minimum of 10 eight ball scores within the last two years by the due date of February 22nd. February 22nd is the deadline to submit your completed entry form and fees. Waiting list teams will probably receive notice before the deadline whether they will be allowed to participate. Skill levels lock on March 2nd.

### Upcoming Tournament Schedule-
